

L&T METRO RAIL (HYDERABAD) LIMITED

GREEN POLICY

At L&T Metro Rail (Hyderabad) Ltd, we are committed to environmental sustainability and strive to integrate eco-friendly practices into our operations and maintenance of the Hyderabad Metro Rail. Recognizing the importance of minimizing environmental impact during renovation and retrofitting projects at our sites and stations, we hereby establish the following Green Policy:

Adoption of Eco-Friendly Practices:

We will mandate the adoption of eco-friendly practices as outlined in the IGBC Green Existing Mass Rapid Transit System Rating Abridged Guide. These practices include but are not limited to:

- i. Efficient water uses through installation of water-saving fixtures and systems.
- ii. Energy conservation measures such as LED lighting, energy-efficient HVAC systems, and renewable energy integration where feasible.
- iii. Waste management strategies emphasizing reduction, reuse, and recycling of materials.
- iv. Indoor air quality improvements through the use of low-VOC paints and materials.
- v. Promotion of sustainable transportation options for employees and public.

Continuous Improvement:

Our policy encourages the ongoing adoption of green practices as advancements in technology and sustainability emerge. We commit to reviewing and updating our practices regularly to ensure they align with the latest environmental standards and sustainable best practices.

Employee and Stakeholder Engagement:

We will encourage employees, contractors, and other stakeholders in our commitment to sustainability through awareness programs, training sessions, and collaborative efforts to implement green practices effectively.

Monitoring and Reporting:

We will monitor and evaluate the implementation of green practices during renovation projects.

Compliance and Certification:

We will ensure compliance with relevant environmental regulations and certification standards under the IGBC Green Existing Mass Rapid Transit System Rating or similar standards as applicable to demonstrate our commitment to sustainable project and station management.

By adhering to this Green Policy, L&TMRHL aims not only to reduce our carbon footprint but also to contribute positively to the surrounding environment and communities. Together, we can achieve significant strides towards a sustainable future.
